COMMISSIONERS' PROCEEDINGS  
REGULAR MEETING

The Board of Commissioners met at 10:00 a.m., all members present, John Cheesbrough Chairman.

The minutes of meetings held June 1, 2 and 14, 1948 were read and corrected as follows:

" At the regular July meeting of the Board of County Commissioners of Carbon County, Wyoming held on the 6th of July, 1948, the Board recognized the resolution passed and published at their regular June meeting regarding the recommendation of appraisers on the road project known as the Rawlins-Medicine Bow Project Fl-221(2); that said resolution as passed by the Board was as follows rather than that published in the June Minutes of proceedings of the County Commissioners:

C O R R E C T E D   R E S O L U T I O N

WHEREAS, the Board of County Commissioners adopted the report and recommendation of the appraisers made on the 20th day of April, 1948 with the following changes:

That in addition to allowing all claims as recommended by the appraisers as to amounts for lands taken by the right-of-way and in addition to the amount of right-of-way, allow damages to the Dana Meadows Sheep Company in the amount of \$1377.00 making the total award to Dana Meadows Sheep Company \$1549.41 as shown by the appraisers' report to allow the following:

Allow fencing as follows: A 26" woven wire fence with 2 barbed wires on the north side and a 3 wire fence on the south side from Sta. 1003-80 to 1395, which is from the railroad right of way fence near the beginning of Chace Brothers holdings to the Hanna-Elk Mountain road. From the Hanna-Elk Mountain road to Sta. 1680 both sides to be fenced with a 3 wire fence. From 1680 to 1760 both sides to be fenced with 26" woven wire and 2 barbed wires. From 1760 to 1797, which is the end of the project both sides to be fenced with a 3 wire fence.

The above fencing will provide a woven wire fence on the north side for 2.3 miles through the Chace Brothers Lands; a woven wire fence on the north side for 5.0 miles through the lands controlled by the Dana Meadows Sheep Co., and a woven wire fence on both sides for 1.5 miles through the lands of Jarda Nelson.

The fencing of the north side of the present highway from the west end of the project to the Coyote Springs filling station can be allowed under the condition that it will be built when this section of the road is constructed. We hope to be able to proceed with this construction as soon as project Fl 221 (2) is completed but of course this will depend on conditions at that time.

That portion of the Jarda Nelson corrals at Dana, Wyoming that are damages by the construction of said road on its right of way shall be placed at a location agreeable to Jarda Nelson.

Necessary openings under the proposed highway for drainage will provide suitable stock passes to comply with the requests of the owners and the recommendations of the appraisers.

Approaches to the new highway will be provided to meet the requirements of the land owners.

NOW, THEREFORE BE IT RESOLVED that the above set out road be established and that the Highway Department be notified of this action."
