A motion was made by McMillen and carried whereby the following resolution was adopted.

On May 1, 1973, a meeting of the Board of County Commissioners was held. At such meeting John A. MacPherson and John J. Sullivan appeared before the Commissioners relative to the abandonment of an old road located north of Medicine Bow, Wyo. Mr. Sullivan told the Commissioners that when Highway 487 was built he had given an easement for its construction and in return the County was to convey any interest they had to the old road which was used prior to the State Highway 487. Mr. Niland acknowledged the existence of such an agreement. However, there was a serious question in everyone's mind whether the County actually had any right of way or interest to begin with. The County Engineer was called down and instructed to verify the existence of a right of way, if any. In the event of such right of way the County agreed to initiate the necessary abandonment proceedings. As a result of the discussion the following was decided:

WHEREAS, the Board of County Commissioners of Carbon County, Wyoming, has responsibility for that certain bridge across Muddy Creek and located in the North One-half ( $\frac{1}{2}$ ) of Section 13, Township twenty-six (26NORTH), Range 80 West of the 6th P. M., Carbon County, Wyoming.

WHEREAS, the Board is of the opinion that it is necessary and in the best interest of the County to convey that certain bridge herein above referred to, to the Sullivan Company;

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Carbon County, State of Wyoming; that it convey by bill of sale, a copy of which is attached hereto and incorporated herein by this reference unto Sullivan Company, its successors and assigns, all of the County's right, title and interest in and to that one certain bridge across Muddy Creek located in the North One-Half ( $\frac{1}{2}$ ) of Section 13, Township 26, Range 80 West of the 6th P.M., Carbon County, Wyoming.

ACCEPTED and approved this 2 day of May, 1973.
